

# Watco Transportation Services Announcement

**Date:** October 14, 2011  
**To:** Watco Team  
**From:** Mitch Becker, Senior Vice President Transportation Services  
**Subject:** Tony Cox, Vice President of Engineering

I'm pleased to announce that Tony Cox has accepted the position of Vice President of Engineering. His main areas of focus will be safety, service, growth, efficiency & profitability and people. In this position Tony will be responsible for the supervising and planning of all engineering and track related activities including working with all Regional Management Teams defining priorities, expectations and establishing performance metrics and measurements.

Tony has been with Watco for four years and has recently served as Senior Chief Engineer and was responsible for planning, development and overseeing of the capital and maintenance budgets and supporting the Regional Chief Engineers.

Tony has 28 years of railroad experience including the management of track departments with Kyle Railways, Statesrail and Rail America.

Tony and his wife Lori have been married for 28 years and have three children, Sean 25; Cody 23; and Kaitlyn 19. In his spare time Tony enjoys spending time with his family, riding motorcycles and fishing.

**Tony's Contact Information:**

**Office Location:** 315 W. 3rd Street, Pittsburg, KS 66762

**E-mail:** [acox@watcocompanies.com](mailto:acox@watcocompanies.com)

**Cell Phone:** 409-429-4663

**Office Phone:** 620-231-2230

Please join me in wishing Tony well in his new position.
