

Watco WA Rail Announcement

Date: November 21, 2011
To: Watco Team
From: Jim Griffiths, Western Australia Rail, Chief Operating Officer
Subject: Wayne Stacey, Western Australia Rail, Driver Specialist

I am pleased to announce that Wayne Stacey has started with Watco WA Rail Pty Ltd (WWAR) as the Driver Specialist for Geraldton. Wayne will be responsible for working closely with drivers coordinating and conducting their initial, annual, recurrent, and other training needs based on the needs of the Zone. He will also be responsible for monitoring the rail tracks we operate on and will provide support for our team members.

Wayne has joined our team after relocating from Darwin in the Northern Territories where he had served as Driver Coordinator for Genesee & Wyoming Australia. Wayne started his rail career in 1990 as a Trainee Engineman based from Forrestfield WA. Wayne was then transferred to Geraldton in 1996 as a Driver. From there he progressed to a supervisory role as a Driver Coordinator.

Wayne and his wife Paula have two grown sons, Jason and Gavin and three dogs. They all enjoy spending time at their farm, camping, playing 8 ball, and when time permits, traveling.

Wayne's contact information:

E mail: wstacey@watcoompnaies.com
Mobile Phone: +61 0408443728

Please join me in wishing Wayne success as the Driver Coordinator for Geraldton to WWAR.
