**ITEM 10**      **GLOSSARY OF TERMS**

**CONSIGNEE:** The party designated on the bill of lading as the entity entitled to receive delivery of the car from the carrier.

**CONSIGNOR or SHIPPER:** The party designated on the bill of lading as the entity which has caused the car to be consigned into transportation.

**CONSTRUCTIVE PLACEMENT:** When a car, including order notify and in-bond shipments, cannot be actually placed or delivered because of any condition attributable to the consignee, shipper, loader or unloader, such car will: (a) be held on BHRR tracks and notice will be sent or given to the party entitled to receive notification that the car is held awaiting disposition instructions; (b) have been placed by BHRR on private or other than public delivery tracks, including lead tracks serving the consignee, shipper, loader or unloader, will be considered constructively placed without notice.

**DEMURRAGE:** Demurrage is a charge for detaining a railcar. Railroads charge demurrage as an incentive for customers to load and unload cars promptly, to prevent congestion in railroad terminals caused by idle cars, and ultimately to improve the utilization of a valuable asset. Reduced dwell translates into faster, more reliable cycle times and better service.

**DEMURRAGE DAY:** A twenty-four (24) hour period, or fraction thereof, commencing at the first 12:01 AM after the applicable start event, as defined in this Item, may also be referred to as "Debit."

A diversion in an order from the shipper or consignee to deliver car(s) to other than the original billed destination. If change requires the car to move over track that it has already traveled (back haul), the car may be diverted to the next logical terminal. From there, new shipping instructions (new Bill of Lading) will be required to move the car from its current location to the new destination.

**EMPTY CARS ORDERED AND NOT USED:** Empty cars ordered, placed or constructively placed for loading and not used in transportation service.

**EMPTY RELEASE INFORMATION:** Advice from consignee and/or unloader, given to the BHRR Customer Service Department electronically via ShipperConnect, via EDI, or via email to [CS1@watcocompanies.com](mailto:CS1@watcocompanies.com) or in writing via fax to 1-866-413-5160 that car is unloaded and available to BHRR. Release will be effective on date and time advice is received by BHRR.

**FORWARDING INSTRUCTIONS:** A bill of lading given to authorized personnel of the line-haul carrier that contains all of the necessary information which allows for the immediate movement by BHRR. Forwarding instructions will be effective on date and time advice is received by BHRR.

Advice received by BHRR to move a car from a shipper's loading or storage track to BHRR' yard or hold track to be held for "forwarding instructions", whether furnished by the party loading car or another party, or a bill of lading or an order consigning the car to an Agent of BHRR which has no beneficial interest in the lading, does not constitute "forwarding instructions" or a release from demurrage or other like charges.

Cars placed on industrial interchange tracks of a industry doing its own switching, including those tracks of an industrial switch line acting as Agent of industry, will be removed from track and considered received and held for disposition as provided in this Tariff. Cars found to be improperly loaded at origin will not be considered released until the load has been properly adjusted and clearance has been obtained. When a car is unloaded and then reloaded, empty release information must be furnished. If not furnished, demurrage will be continuous until forwarding instructions are received. Loaded or empty or private cars released and pulled from private tracks, which must first be held on railroad track awaiting forwarding instructions, are subject to **demurrage/storage** provisions and charges as provided in this Tariff.

NOTE: Demurrage charges will continue to accrue to the Origin Industry even when cars are released to a Third-party, until the time billing is received from the Third-party.

Charges that accrue per this Tariff are due and payable as stated in ITEM 120 of the WTS Rules Publication 9011-Series.

**ITEM 30**      **SECURITY DEPOSITS FOR PAYMENT OF CHARGES**

BHRR has the right to demand that a rail customer (BHRR served shipper, BHRR served consignee or other BHRR served party), with a history of delinquency or nonpayment of freight, demurrage or other charges not in bona fide dispute, deposit with BHRR money or security adequate to pay an **average monthly invoiced services calculated over the past six months or a per car fee based on potential services.** (1) The deposit may be satisfied with cash, letter of credit, surety bond or other appropriate instrument. BHRR will determine the suitability of the security tendered. (All instruments on deposit are hereinafter referred to as "security")

If a BHRR invoice not in bona fide dispute is not paid when due, immediately thereafter BHRR will satisfy the bill by drawing against the security on deposit. Thereafter, the rail customer will be required to reinstate the value of the security to its former level or to another level equivalent to its average monthly invoiced services or per car fee based on potential services.

Should demand be made upon a rail customer for the deposit or maintenance of security as heretofore stated and should the rail customer refuse or fail to deposit or maintain the security, BHRR may refuse to provide any further rail service until the deposit requirement is fulfilled. If service is refused and rail customer is the subject of congestion, BHRR will issue an embargo against all rail transportation by BHRR to and from that rail customer, so long as congestion exists or otherwise continues. In short, carriers may issue and maintain the embargo while the congestion exists, irrespective of rail customer compliance or non-compliance with the Security Deposit provisions in this Item.

No interest will be paid by BHRR on any security or monies deposited with it. It is within the discretion of the BHRR to determine when creditworthiness of the rail customer no longer necessitates the imposition of a security or deposit. If rail service to the customer is permanently discontinued, upon satisfaction of all invoiced bills the security on deposit held by BHRR will be released and returned.

**See WTS Rules Publication 9011-Series for CREDIT EXTENSION and other conditions of carriage.**
